Greetings

For the first time we offer Iris and Bulbs from our garden. We want customers and plan to hold them with the quality of the plants we ship. Wholesale customers welcomed. We have no salesmen and no display garden; so we are prepared only for mail orders - a form is enclosed.

Introductions

Seven new Iris are presented this year. Prof. Sydney Mitchell generously permits us to introduce three fine advances in the plicata field to add to our introductions.

Lovelace (Mitchell '48) seedling pedigree

a crisp flaring slightly ruffled plicata of exquisite form; Standards buff softly stippled pink. Falls warm white completely edged by pink stipples. Stem 36 in. nicely branched. Stock limited. net 15⁰⁰

Fairyfoam (Mitchell '48) seedling pedigree.

A big ruffled warm white; stem 3 ft. or taller. Flowers early, continues long. 10⁰⁰

Wayfarer (Mitchell '48) a larger more

frilled derivative of Advance Guard. Light and lavender in effect. Free flowering and a good parent. Rapid increaser hence only 5⁰⁰

Silver Charm (Craig '48) Purissima x Ib-mac

Medium sized rounded flaring flower in pale cool gray; garden effect pleasant. light blue; rapid increaser. with fine foliage and well branched 30 in. stem it is an exceptional garden plant. Oncocyclus hybrid 5⁰⁰

Peg Delagh (Craig '48) Purissima x Capitola

A large early Wm Mohr derivative. Born on 45-50 in. stems. The clear blue-violet flowers are novel for a Wm Mohr derivative. Flowered first in '47, a rapid increaser. A few at 35⁰⁰

Regal Robe (Craig '48) Acropolis x Destiny

Flaring flower of heavy substance, contrasted light violet and blue purple. Smooth leaf. 7⁵⁰

Blue Violet (Craig '48) San Diego x Sierra Blue.

Massive broad flaring flower not unlike its ancestor, Souv. de Mme. Gaudichou. Grander edition than expected from pedigree 10⁰⁰
